

SHENANDOAH IN A STATE OF SEIGE

Exciting Events of the Riot Last Night Keeps Crowds Out.

THE FIRST BIG PARADE

Many Women in the Strikers Procession at Hazelton This Morning.

MILITIA IS ON THE GROUND.

Shenandoah, Pa., Sept. 22.—[Special Telegram]—Shenandoah is in a state of siege this morning. After the exciting events of yesterday has come the lull. Saloons were closed last night and efforts were made to clear the streets but the restless throng surged back and forth till morning. No attempt was made to open any collieries in this vicinity this morning, the sheriff urging the operators not to do so.

The First Big Parade.

Hazelton, Pa., Sept. 22.—[Special Telegram]—The first big parade of the strike began this morning from McDade from which point the parade that resulted in the Lattimer massacre started. The objective point today was the Colerain and Beaver Meadow mines, where persistent efforts are being made to continue operations. Many women were in the procession, most of them carrying brooms. A force of deputies met the marchers at Colerain and accompanied them to Beaver Meadow. At the latter place a meeting was held. The general situation at Hazelton is unchanged this morning but the number of guards has been greatly increased.

Foreign Element Riotous

Last night's trouble is attributed to foreign element. The English speaking miners declare they will do all in their power to suppress the foreigners.

Platoons of special police were thrown into the foreign quarter this morning. The shooting yesterday thoroughly cowed the foreigners and if they can be prevented from gathering in large numbers it is believed that there will be no more rioting.

Four hundred soldiers arrived this morning and were greeted with cheers. The troops paraded through the foreign quarters.

Lackawanna Region Quiet

Scranton, Pa., Sept. 22.—[Special Telegram]—The strike situation is extremely quiet throughout the Lackawanna region this morning. No outbreak is feared in this region.

Railway Men May Take a Hand.

Scranton, Sept. 22.—[Special Telegram]—The belief that the railroad men will take a hand in the coal strike in this region is growing. A meeting of all the railroad men may be held tomorrow and definite action taken.

May Be Trouble At Bellevue.

Mahoning City, Pa., Sept. 22.—[Special Telegram]—The trouble expected here as the result of the Shenandoah riot failed to materialize because the miners did not show up for work this morning. The closing of the collieries here adds ten thousand to the strikers ranks. It is feared trouble will occur at the Bellevue mines this afternoon if the operators attempt to work the colliery there.

First Regiment on the Way.

Allentown, Pa., Sept. 22.—[Special Telegram]—The Fourth regiment left for Shenandoah this morning.

Helps the Miners Cause.

Hazelton, Pa., Sept. 22.—[Special Telegram]—President Mitchell of the mine workers said this morning that the Shenandoah riot was unfortunate, but would have the effect of strengthening the miner's cause. He said it was an exhibition of the methods employed by the companies to coerce the miners.

A Successful Sculptress.

Miss Edith Hope Ogden, the young sculptress who won the competition for the bronze tablet to be presented to the steamship St. Paul, has finished that piece of work and it is now being cast in bronze. The tablet represents a finely executed design in low relief of the battleship off the coast of Porto Rico, beneath which is the legend of the ship's history, the whole being within a border decoration, significant of victory, in nautical designs both artistic and expressive.

Famous Famines of the World.

The worst famines of modern times were the famine in Ireland in 1846-7, in which 1,000,000 people perished; the Indian famine in 1866, which claimed 1,450,000 victims; the Indian famine in 1877, in which 500,000 people perished, and the great famine in China in 1878, in which 9,500,000 died.

RUMORED TO BE FOR M'KINLEY

Ex-President Cleveland Said to Be in Favor of the Republicans.

New York, Sept. 22.—[Special]—There was a rumor in financial circles today that former President Cleveland had decided to express himself in favor of McKinley in the coming election. Persistent efforts to verify this report were unavailing in this city.

Buzzard's Bay, Mass., Sept. 22.—

[Special]—Ex President Cleveland will not take an active part in the present campaign. When Mr. Cleveland was asked today what was the basis of the information received by the Troquois club of Chicago, that it would hear from him in response to its invitation to make an address in behalf of Bryan, he refused to make any statement.

A LONE ROBBER HOLDS UP A TRAIN

Boise, Idaho, Sept. 22.—[Special Telegram]—A lone robber held up the Northern Pacific train near Athol this morning. Five hundred dollars, several watches and a quantity of jewelry was secured.

Omaha, Sept. 22.—[Special Telegram]—An express car on the St. Louis and Burlington train of the Burlington road was held up near Lincoln this morning. The local safe was rifled. A small sum was secured though the safe with thousands in it was unmolested.

OF INTEREST TO LABOR.

What the Parties Promise in Their Respective Platforms.

REPUBLICAN PLATFORM. We renew our faith in the policy of protection to American labor. In that policy our industries have been established, diversified and maintained. By protecting the home market, competition has been stimulated, and production cheapened. Opportunity to the inventive genius of our people has been secured and wages in every department of labor maintained at higher rates than elsewhere. We will continue to protect our people in their better conditions of life from those of any competing country.

Here are the respective planks of the two platforms on the question of the improvement of the condition of the American workman. These planks are worthy of a little study. The Republican plank is positive, frank and definite. It distinctly says that the Republican plan for bettering the condition of American labor is to maintain the policy of protection; to protect, by a tariff, the labor of the United States from the competition which free trade would certainly produce in allowing the products of pauper labor from both Europe and Asia to come into the American market and thus stopping mills, factories, mines and the thousands of industries now furnishing remunerative employment to American skill.

What does the Democratic platform promise? In another plank it opposes a protective tariff, and for the uplifting of the condition of American labor it promises nothing more and nothing better than the creation of another office. They say in effect, We love the American laborer so much that in the event of our success at the polls, we promise to try to create a secretary and a lot of officeholders to look after the interests of laboring men, unmindful of the fact that there is already a nonpartisan department of labor doing efficient and satisfactory work for the labor interests of the country. Were the labor interests of the country to be placed in charge of a cabinet officer the matter by the very nature of the case would have to become partisan.

Laboring men can easily weigh the respective merits of the two parties with reference to their influence on the question of work and wages by comparing the tramping armies, the charity soup-houses, the silent factories, the grass grown railroads and the stagnation of 1893 and 1894—produced by the Democratic threat of a policy of free trade or revenue tariff—with the protective tariff and its results as seen today, with busy mills, crowded railways, employed labor, good wages and the heaviest exports ever made by this or any other country since nations began to exchange products. Labor will be slow to give up an evident, tangible, constant condition of prosperity for the promise of creating another office to be filled by a henchman of the boy orator of the Platte.

Bryan says it is better to open the mills and cut the dollar in which wages are paid in two in the middle. President McKinley says it is better to open the mills and continue to pay good wages in the best money the world has ever known. It is for labor to decide which of the two policies is most likely to better its bread.

Curious Irony of Fate.

By a curious irony of fate the great fortune made by Breckmann of the Erkmann-Chatrion combination, in praising the military glories of France, has now been inherited by a Prussian officer. The officer in question married Breckmann's niece almost immediately after the cession of Alsace and Lorraine.

PEOPLE TOO BUSY TO ENTER POLITICS

SENATOR HANNA URGES VOTERS TO THINK A MOMENT.

He Wants a Quick Change—State of Apparent Apathy Must Not Continue Until Election Day He Says—He May Possibly Speak in the West.

Chicago, Sept. 22.—“Voters are so busy in business and industrial pursuits that they do not pay attention to anything else. I have been trying all along to wake the people up and make them understand that this election is just as important to them and the country as was the one of 1896.”

This was Senator Hanna's statement yesterday. He had been asked his opinion concerning a report sent from West Virginia of the reason of so much seeming apathy over the election this year. The correspondent said it was because people were too much engrossed in business to pay attention to politics.

“The only thing we have to fear is over-confidence,” continued the senator. “That is the dangerous condition of affairs, and what I have been doing lately has been to try to change it. During the two weeks I have been in Chicago this phase of the situation has changed, however, for the better. The business men have been waking up and paying some little attention to politics, and all the people are materially interested in the result of the election.”

“Suppose the apathy complained of should last until election,” the senator was asked, “what would be the result?”

“That is not a supposable case,” he replied vigorously. “I can't and I shan't. Our business is to see that it does not.”

Asked as to how the situation of today compared with that of six weeks before the election of 1896, Senator Hanna replied:

“I cannot answer that question, as the conditions differ so widely. In 1896 the situation was one of general alarm all over the country. This year the danger as I have said, is from overconfidence.”

May Go West on the Stump

Asked as to the report that he was to go to Nebraska and South Dakota, to make speeches, the senator said:

“That is a matter for the future, but it is possible I shall make a western trip on my return from New York. There are no arrangements made yet and no dates fixed. To use a sporting term my speeches are all of the ‘catch-as-catch-can’ variety. I will, however, make some speeches in Chicago when I get back.”

In reply to a question as to the likelihood of President McKinley's coming to Chicago before election, Senator Hanna said he had heard nothing about it and did not think it likely.

The senator left for Canton, O., last evening. He will call on President McKinley today, spend tomorrow in Cleveland and be in New York City Monday. He will return to Chicago a week from Monday, to remain here through the campaign, except as he may go west for a few days on a speech making trip.

WALWORTH FAIR WAS A SUCCESS

Largest Crowds in the History of the Society—Gen. Howe Won Three Straight Heats at Madison.

Elkhorn, Wis., Sept. 22.—The Walworth county fair for 1900 will go on record as one of the most successful in the history of the society.

The bad weather which caused Wednesday's attendance to be less than 1,000, has been made up for in the great crowds which passed the gates Thursday and Friday. The management yesterday noon announced an attendance of 20,000. All special trains were crowded and the railroad officials say that the excursion business is up to any previous year.

A Holiday At Madison.

Madison, Wis., Sept. 22.—The largest attendance of the season marked the Dane county fair today. Races were held for the first time in three days, but were run in the mud. The races were: In the 2:40 trotting race, Gen. Howe, driven by H. D. McKinney of Janesville, won three straight heats. Best time, 2:36. Captain Tom, owner Foley of Madison, second; Stanyon, owner M. Hall of Evansville, third.

In the 2:24 trotting race, Victoria Pallas was first, time, 2:29; Red Rover, second and Miroch, third. Only two heats were run in the 2:27 pacing race, and it will be finished today.

Challenges Hanna to Debate.

Lincoln, Neb., Sept. 22.—[Special Telegram]—Vice Chairman Edmiston, a populist, has challenged Senator Hanna to debate.

Mexican Women Tourists.

An American woman, Miss Harriet C. Fay, is chaperoning a party of eight young Mexican women, lately graduated, who are making a tour of the United States for the purpose of examining the schools. The state of Vera Cruz pays all the expenses. They have visited St. Louis, Chicago, Buffalo, New York and Boston.

MILWAUKEE ROAD DIRECTORS MEET

ONLY ONE CHANGE MADE IN THE EXECUTIVE BOARD.

President Earling Says the Janesville and Southeastern Will Not Hurt the Cream City—No Successor to Headford—No Agreement With the Northwestern.

Milwaukee, Sept. 22.—The annual meeting of the stockholders of the Chicago, Milwaukee & St. Paul Railway Co. was held in the office of the company in the Mitchell building this morning. With the exception of the election of James Henry Smith of New York to the vacancy caused by the death of C. H. Coster there was no change made in the directorate of the road.

Peter M. Myers was re-elected secretary of the board of directors. Mr. Smith who will be the new director, is a nephew of the late George Smith who died some months since in London, England, and who at one time was a well known capitalist of Milwaukee.

Janesville & Southeastern.

“You may reiterate,” said President Earling, “that there is no truth in the report that we intend to run our fast mail and passenger trains from Chicago to St. Paul by way of the new line from Libertyville, Ill. to Janesville, Wis. These trains, as now, will continue through Milwaukee and thence over the LaCrosse division. We do not expect to continue the new line farther than Janesville. We believe this piece of road will be finished by Nov. 15. We have a good line from Janesville to Madison and it would be a waste of money to practically parallel it in order to save only a few miles.”

Col. Boyle to Remain

“Col. William J. Boyle, city passenger agent of Milwaukee will not be moved to New York as has been reported. It is his desire that he remain here and his wishes will be respected.”

“I am unable to say yet who will take General Passenger Agent George H. Headford's place when he withdraws Nov. 1. The selection of his successor has not been definitely decided. No important changes in the officers of the road are pending.”

In reply to a direct question as to whether an agreement had been made or was pending between the Milwaukee and Northwestern roads that neither road would make any new extensions in territory now covered by either, President Earling said there was no such agreement.

Property in Good Condition

“The annual inspection of our road just completed by Chairman Miller and myself,” resumed President Earling, “shows the property to be in good condition. We are satisfied with the volume of business done the last twelve months, and though the earnings on certain divisions west of the Mississippi river were not as large as they might have been, we expect to do better there next year.”

“We have a traffic agreement with the Kansas City, Mexico & Orient roads, now building, which will help us greatly in the southwest by enabling us to get out to the coast.”

“The improvements in the way of extensions and grade work now in hand will be completed by the end of this season. We don't contemplate any extensive improvements in Wisconsin next year. All our roads in this state will be in pretty good shape after the work now being done is completed.”

BRYAN ORDERED TO NEW YORK STATE

Dates in Illinois and Other Western States Cancelled—Jones Hopes to Carry the East.

Chicago, Sept. 22.—William Jennings Bryan has been ordered to New York after he completes his present campaign in North Dakota, Minnesota and Wisconsin and in order to do this dates in Western cities will be cancelled. The dates for Illinois, Oct. 8 and 9 were cut out of the candidate's itinerary yesterday.

Chairman Jones brought from the east such glowing reports of the chances for democratic success there that it has been decided to concentrate heavy work in the so-called doubtful states. Mr. Bryan may be prevailed upon to speak in Maryland, Delaware, and West Virginia as well as New York.

It is stated that Chairman Jones returned from the east fully convinced that with Bryan to help them the Democrats would sweep New York state. From small bits of information dropped here and there it was learned that upon the completion of the trip he is now making Mr. Bryan will speak in New York under the auspices of the democratic state central committee.

Word has gone along that line that hereafter the national managers will concentrate their energies in the so-called doubtful states. They are getting ready to operate in New York, Delaware, Maryland, West Virginia, and Indiana believing at the same time that the western states carried by Bryan in 1896 will go next November as they did then.

H. W. Child of Edgerton and G. W. Spitzner of New York are in the city looking over the local tobacco market.

TRADE INJURED BY STRIKE

Mine Trouble Causes Uncertainty in Business Outlook—Most Industries Busy

New York, Sept. 22.—R. G. Dun & Co.'s Weekly Review of Trade today says:

“The strike in the anthracite coal region, which has involved about 120,000 miners and probably 30,000 others, is the overshadowing influence in business. This conflict disturbs business and interferes with calculations of merchants over a large part of the Atlantic seaboard, and is really the only tangible check to the general recovery which set in with the larger demand for iron and steel products. Outside of the anthracite industry enforced idleness of hands is an exception, and even in the Pennsylvania coal region other employers would gladly take on thousands of more intelligent miners.”

SHEBOYGAN GREETED BOB LA FOLLETTE

BIGGEST HALL THERE WAS PACKED LAST NIGHT.

Great Reception For the Republican Candidate—National and State Issues Presented—Primary Election Law Defects Easily Remedied—Meeting at Manitowoc Tonight.

Sheboygan, Sept. 22.—[Special Telegram]—Robert M. La Follette was greeted by a great audience and immense enthusiasm at Sheboygan last night.

Seated on the stage were Judge E. Gilbertson, Martin Galloway, George W. Wolf, Charles H. Roenitz, Otto Labuda, Senator F. A. Dennett, J. J. Koepsell, George Sprall and a long list of other prominent workers in the republican party.

Prefer Cyclone to Bryanism

Mr. La Follette captured his audience with his opening sentence, and held them to the close, nearly three hours later.

“I met one of your leading citizens,” said Mr. La Follette on my arrival in your city and we discussed the recent disaster which visited you and which claimed for you the sympathy of the people of the entire state. This gentleman probably lost as much as any man in your city. As I was leaving him, after discussing the loss to his business, I asked him which he would rather have, a return of the democratic party to power or another cyclone.

“For God's sake, La Follette, let us have another cyclone,” he exclaimed.

Dwells on State Issues.

Mr. La Follette then took up the national issues and discussed them at length along the same lines in Milwaukee.

When he reached the question that concerned the state of Wisconsin he devoted more than usual time to the primary election plank in the republican platform. The trial of the new system in Hennepin county, Minn., have shown some of the defects of the law as it exists in that state, which has been watched so closely, gave Mr. La Follette an opportunity to refer to them and point the remedy. He showed wherein by the enactment of a law framed after the manner he has so long advocated, the Minnesota defects would be eliminated.

This evening Mr. La Follette will close the week at Manitowoc. He will leave that city Sunday morning for Milwaukee, where he will spend the day.

MEET FOR THREE DAYS

Wisconsin Woman's Suffrage Association Annual Convention at Brodhead.

head Oct. 11, 12 and 13.

The Wisconsin Woman's Suffrage Association will hold its annual convention at Brodhead, on the 11th, 12th and 13th of October. The meeting will open on the evening of the 11th, at which time addresses of welcome will be made by the city officials, representatives of the Suffrage club, W. C. T. U. and other societies, after which the local clubs will join in a reception to the visiting delegates.

The 12th and 13th will be devoted to the business of the convention, and also to an able presentation of the cause and its influence upon the great national questions of our time.

Susan B. Anthony will be present and will sound the key note of the meeting. Other speakers will be Miss Marie C. Brehm, national superintendent of franchise of the W. C. T. U., Mrs. S. M. C. Perkins of Cleveland, Rev. Alice Ball Loomis of Richmond Center, Rev. Olympia Brown of Racine, Mrs. Etta Gardner of Plattville, Mrs. I. M. Black of Racine, Mrs. Clara Eastland of Muscoda, and others.

PROVISION TRAINS FOR GALVESTON

Galveston, Sept. 22.—[Special Telegram]—Provision trains, many bearing men to work on the streets are pouring into the city. Many doctors and nurses are leaving as they are no longer needed. The work of clearing away the debris is proceeding rapidly, one hundred additional men being employed.

George Lynch and Miss Lizzie Lynch of Milwaukee, are here to attend the funeral of their uncle, Thomas Lynch.

TROOPS ORDERED TO LEAVE PEKIN

President McKinley Acts Without Consent of the Other Powers.

ANSWER TO GERMANY.

Negotiations For Peace Will Be Entered Into With Li Hung Chang at Once.

RUSSIA AGREES WITH THE U.S.

Washington, Sept. 22.—About two-thirds of the American troops now at Pekin have been ordered to retire and return to the Philippines. A legation guard of one regiment, one battery and a squadron of cavalry—about 1,850 men will be left at Pekin under the direct control of Minister Conger.

The United States declines to support the proposal made by the government of Germany to the effect that punishment of guilty Chinese officials should be made a condition precedent to the opening of negotiations.

While the United States wants punishment of the guilty, it makes such punishment a part of its negotiations, and not a preliminary thereto.

Recognizes Li Hung Chang.

The United States recognizes Li Hung Chang and Prince Ching as negotiators on the part of the Chinese government, being satisfied of the prima facie validity and sufficiency of their credentials.

Minister Conger has not yet been instructed to open negotiations. But the United States will appoint a commission to negotiate, and by implication invites the other powers to do the same.

The foregoing important decision concerning China was made by the president and the cabinet today after two conferences, participated in by Secretaries Long and Hitchcock, Attorney General Griggs and Postmaster General Smith.

Clears Up Chinese Docket

These decisions of the president and cabinet clear up the Chinese docket so far as the United States and the immediate future are concerned.

The United States does not abandon Pekin, but leaves there a legation strong enough to meet all emergencies and to afford protection, not only to our minister, but to the Chinese converts as well.

It had been proposed to leave only the marines at Pekin and to withdraw all the regulars, but the marines are needed aboard their respective ships and it was not thought their number, about 700, would be a sufficient force for all purposes.

The troops which remain at Pekin, it is important to bear in mind, stay there not as an invading army but purely and wholly as a legation guard. They will be under the control of the American minister.

The significance of this is that when Count von Waldersee arrives at Pekin a few days hence there will be no American troops to fall under his orders. If the German government persists in its drastic program it must do so without the aid and support either of the American government or of American troops.

Still in the Concert.

The United States does not withdraw from the concert of powers. To the contrary, it declines at this time to begin negotiations with the Chinese government on its own account, but does recognize Li Hung Chang and Prince Ching as negotiators and announce its intention to treat with them for a time. The other powers are invited to join with the United States in such negotiations.

The United States proposes too a commission of eminent men to carry on these negotiations, and thus sets an example, which the other powers may follow if they choose, and if they really wish peace negotiations to be instituted.

Russian Policy Like American

As is known, Russia has modified its proposition of withdrawing its troops and has proposed that a small body of the Russian troops remain in Pekin for the purpose of guarding its legation. As it is already known the European nations have proposed different solutions of the Chinese muddle, and there were indications that in spite of the disavowal of the nations to seize Chinese territory, there was ground for belief that matters were drifting towards the dismemberment of the empire.

Banquet to Mayors of France

Paris, Sept. 22.—[Special Cablegram] The banquet to the mayors of France began this forenoon. Twenty-two thousand officials sat down at the same time.

WISCONSIN MAN AT MINDANAO

NATIVES ARE VERY FRIENDLY
TO THE AMERICANS.

Most Important of the Sulu Group—
Moro Men and Women of Many
Colors—Houses of Nipa Palm Built
on Stilts.—First Impression of a
Wisconsin Volunteer.

The following exceptionally interesting article on the Philippines was written by John B. McElroy of this city, brother of Attorney Horace McElroy. Mr. McElroy is now in the United States Army, and the article was published in the Sunday Sentinel:

Zamboanga, Mindanao, P. I., July 21.—When orders were given to me at Manila on the 10th of last February directing me to report to the general commanding the military district of Mindanao and Jolo, with headquarters at Zamboanga, I must confess that I had but a vague idea of the locality to which I was assigned. Mindanao, of which but little is known, is far more important than the Sulu group of islands and comprises one-third of the total area of our new possessions, and has a population estimated at about 200,000, a population stranger and more interesting than any other that has come under our dominion.

The people, confined mainly to the island of Mindanao, are known as the Indonesian and among the many tribes are the Atos, Manobes, Samales, Tagacalos, with others of which but little is known. There is, however, but little tribal distinction and the question in Mindanao resolves itself into the proposition as to whether the native is a Moro Mohammedan or a Zamboanga Christian. There is but little difference between them.

The city of Zamboanga was once the home of a mixed population of 20,000 people, and it is said to have been a very gay place in a social way. Today the town is as sleepy as the little stream that flows through it and answers the purpose of sewer and waterworks system. Trade is in the hands of the Chinese, but one would find in their tiny shops but little that the Americans would care to buy. On the Plaza de Marina are a church and convent built many years ago by the Jesuits. They are imposing in appearance and form the main attraction of the Plaza, but they are unused and are falling into decay.

Very Friendly to Americans
The Spaniards had practically lost all control of Mindanao before the treaty of Paris, and before the Thirty-third United States Infantry landed upon the island; and that we have held the island with but little trouble with the natives is due to the wisdom of Gen. Bates in effecting the treaty with the Moros.

When Gen. Bates came to the southern islands, as the Sulu, Tatu and Tawi groups are known, he made a profound impression upon the natives as to the good intentions of the Americans; and his successors both in the civil and military departments have done all in their power to foster the good feeling established at the outset between the Zamboangenos and the Americans, and between the Americans and the Moros.

The most interesting part of Zamboanga is Noyay, the Moro village so called. It is built entirely of the nipa palm, tinted yellow and brown by the sunshine, and a little canal, crossed by many bridges, adds much to the interest of the place.

More Men and Women.

The Moros are a people of many colors ranging from light brown to deep black. The men dress (when they care to dress at all) in tight fitting blouses and trousers of bright colors, and at home they usually wear the turban of homespun material; and in every house you will find the loom where the grave Moro weaves all day long and finds comfort in chewing the betel nut. The material of which the turbans are made is always of many colored silk, and quite a little business is now growing up in the weaving of the silk for the American buyers.

The Moro women, unlike most Mohammedans, go about unveiled. Their teeth are blackened and filed. A Moro will not take a girl for a wife unless her teeth are of the fashionable black in color and are filed to sharp points. The nails of both hands and feet are red-dened and as the Moro women invariably chew the betel or buyo, the red juice that runs from her mouth does not add to her personal charms.

The Moro house consists of one or

two rooms on stilts and a "lean-to" where the cooking is done. Chickens and goats are given the underneath and if the house is near the water a vinta or native boat is to be found. Of civilization they have but little. While the Jesuits with great perseverance have instilled into the Zamboangenos a mind a degree of education and of respect for the church, no impression has been made upon the Moro.

HOW ALBERT JONES WORKED HIS SCHEME

His Hearing Will Take Place at Evansville Next Friday—Social and Personal News.

Evansville, Sept. 22. [Special]—Our Chief of Police Broughton went to Janesville Friday and got Albert Jones of this city who has been at work for Col. G. W. Hall this summer. It appears that Jones, who has been taking care of Miss Mabel Hall's trained horse "King" at Madison, where she has been giving exhibitions at the fair this week, had some trouble with her and was promptly discharged.

Wishing, perhaps to get even some how or other, he came here Wednesday and reported that her horse King, fell down while she was giving an exhibition and broke his leg also. Both of Miss Hall's and that the horse was dead. That she had sent him down after money in order to meet her expenses. Not meeting with very good success, he induced a young girl, who is a neighbor of the Hall's to make out a check on the bank for \$10 and signed Mrs. G. W. Hall's name to it. He claimed to the young lady that Mrs. G. W. Hall sent him over to ask her if she wouldn't do it for her. He has a hearing Friday afternoon what his fate will be we can only guess.

Mr. Chas. Copeland is wearing a full moon smile now a days as the result of the arrival of a daughter at his home Tuesday Sept. 18. We understand every body is doing nicely.

FOR EVERY HOUSEHOLD.

The most important of all the contents of the family medicine chest is a good liniment—one that is swift and certain in action and that stops pain—useful for the boy's bruises as well as for the parents' twinges of rheumatism, and that will eradicate the stubborn cold that settles on the lungs. The best liniment that can be found is Dr. Brues's Powerful, Penetrating, Peerless Remedy, easily applied, and all its name would indicate—powerful in driving out pain. H. E. Ransom & Co. have secured a large consignment of this wonderful remedy. To show the confidence they have in the virtues of their liniment, Messrs. Brues & Co. have generously included a large number of sample treatments to be given free to all interested, that they may test before purchasing.

KING'S DAUGHTERS THINKING CIRCLE

First Meeting at the Congregational Parsonage Last Night—Wee Folks Band Entertained.

The Thinking circle of King's Daughters held its first meeting at the church parsonage last evening to make plans for the work to be pursued during the coming season.

The circle is under the leadership of Miss Mae Cunningham, and it was decided to continue the study of the Bible. The class will meet at the parsonage every Monday and will pursue the course of study on the old testament outlined by the University of Chicago. At the end of the season the class will take the examination sent out by the university.

About Sixty Wee Folks

About sixty children members of the Wee Folks band of the Congregational church gathered on the spacious lawn at the home of Mr. and Mrs. George D. Charlton yesterday afternoon. The afternoon was spent by the little ones in numerous games and amusements.

At 4 o'clock the company adjourned to the parlors of the house where a thanks offering service was held under the direction of Mrs. R. C. Denison singing and recitations by the children followed. The mite barrels were open and the sum collected amounted to over twelve dollars. Later tables were spread on the lawn and a tempting supper was served to the little ones. The children then left for home after spending a most enjoyable afternoon.

Hard work does not hurt a well woman. It is the weak woman, suffering from diseases peculiar to her sex, who breaks down under the daily strain of household duties. For diseases of the delicate womanly organs Dr. Pierce's Favorite Prescription is the standard remedy. Over half a million women owe health and happiness to Dr. Pierce's treatment.

"No tongue could express the pain that I endured before I commenced taking Dr. Pierce's medicine," writes Mrs. Mollie Colgate, of Randolph, Charlotte Co., Va. "I was not able to do anything at all. Could not eat anything except bread and tea—or if I did the top of my head hurt so it seemed it would kill me; but now I can eat anything of almost anything I want and can do a good day's work as well as any body can. Am better than I have been for years. I think your medicine is the best that ever was made for it is the only thing that ever did me any good. I tried many other kinds but none did me any good but your Favorite Prescription and Golden Medical Discovery. I can never praise them too highly."

AND SICK WOMEN WELL

First Blood Is Shed.
Shamokin, Pa., Sept. 22.—Evan Davis, watchman at Hickory Ridge colliery, was shot early this morning by an unknown person as he was patrolling the colliery. He bullet entered his left leg, inflicting a serious if not fatal wound. Davis saw a man run toward the engine house, and before he fell to the ground from exhaustion he fired six shots at the fleeing assassin, but none of the bullets, apparently, took effect.

The colliery is an isolated place, and Davis was compelled to crawl one mile on his hands and knees before he could procure aid at a mine house.

Marines for Philippines.

Washington, Sept. 22.—Arrangements are being made to send another battalion of marines, to be known as the Sixth battalion, to the Philippines. It will be organized in this city and Annapolis, and proceed to Manila by way of San Francisco. Orders issued by the navy department assign the following officers of the marine corps to service with the new battalion: First Lieutenant F. M. Eslick, at Norfolk; Second Lieutenants Robert Y. Rhea and L. G. Miller at Washington, D. C.; Second Lieutenant P. E. Chamberlin, at Annapolis; Second Lieutenant Mackey Babb, at Norfolk, and Second Lieutenant William H. Pritchett, at New York.

Aged Couple Is Murdered.

Foxboro, Mass., Sept. 22.—David Lewis Shepard and his wife, who had lived in this town many years, were found murdered in their beds this morning, their throats having been cut with a knife. Their son, William F. Shepard, forty-two years of age, who has shown evidences of insanity for some time, is missing, and there is reason to believe that he committed the crime while mentally deranged. Mr. Shepard and his wife were each about seventy-five years of age, and quite well to do.

Says Hoyt Was Drugged.

Hartford, Conn., Sept. 22.—Dr. Harry McManus, the physician who has been attending Charles Hoyt, the playwright, since his release from the sanitarium here, states that in his opinion Mr. Hoyt was the victim of neglect by his attendants and that his confinement in the asylum was the result of a conspiracy, which has been revealed by an examination of the playwright's financial affairs. Dr. McManus further states that Mr. Hoyt was drugged by his attendants.

Open \$25,000 Church.

Kaukaee, Ill., Sept. 22.—St. Paul's Episcopal church, a beautiful sample of sixteenth century Gothic architecture, and constructed at a cost of \$25,000, was dedicated with imposing ceremonies, Conductor Bishop Anderson of the Chicago diocese officiating. There was a reception to the bishop and visiting priests in the parish rooms at night. The church is expensively furnished. D. S. Phillips has been pastor of the church for over thirty years.

All in Baby Buggy.

Springfield, O., Sept. 22.—Stephen Van Houghten arrived here Tuesday night from Columbus, pushing a baby buggy containing his two children, aged 1 and 3 years. He said his wife deserted him. He was going to take the children to his sister at Louisville, Ky. They were cared for by the Women's Christian Association, and Van Houghten by citizens. He will be assisted to Louisville today.

Blacksmiths Elect Officers.

Detroit, Mich., Sept. 22.—The National Association of Railway Master Blacksmiths has elected the following officers: President, Thomas Lacey, Baltimore; vice presidents, William Salvage, Palestine, Tex.; Milton Robbins, Fitchburg, Mass.; secretary and treasurer, A. L. Woodworth, Lima, O. The next convention will be held in Denver.

RIVER BOATS ON FIRE.

Steamers War Eagle and Carrier Are Burned at St. Louis.

St. Louis, Mo., Sept. 22.—The steamer Eagle of the Eagle Packet company and the steamer Carrier, operated by the Calhoun Packet company, were burned at the foot of Locust street. One man was killed, another is missing and a third was painfully injured. Property valued at nearly \$100,000 was destroyed. The wharves Eagle and Illinois were damaged and the cargo of the Carrier, consisting of wheat, apples and other produce, was burned. The casualties: Dead: Joseph Schultz, third clerk of War Eagle. Missing: Henry Holtz of Cincinnati, second pantryman on War Eagle. Injured: Robert H. Miller, watchman on War Eagle, burned severely about neck and hands. Twenty passengers, about half the number being women, were asleep on the Carrier when the fire started, and they and the crews of both boats narrowly escaped the fate that overtook Schultz. They barely had time to run from the boats to the levee before the flames enveloped the state rooms in which they had been sleeping.

Ship Wrecked Near Key West.

Atlanta, Ga., Sept. 22.—A special to the Journal from Key West, Fla., says it is reported that two vessels are ashore on one of the keys about forty miles north of here. It is said also that half the crew of one of the vessels has been lost. Wreckers have gone to investigate the reports.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road-bed for that reason is rock-ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

Excursion Tickets to Milwaukee Via the North-Western Line, will be sold at reduced rates, on account of the Milwaukee Exposition, which is to be held September 8 to October 13. For dates of sale, etc., apply to agents Chicago & North-Western Ry.

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

LET ALL CHIP IN.

Janesville people are pleased to know that the committee in charge of the Choate Hollister subscription list is meeting with encouragement. The object is most laudable, and everyone should do his share. Janesville cannot afford to lose any manufacturing plants. The Choate-Hollister Co. was doing an excellent business and the future was exceedingly bright. The high standing of the owners of the stock in the corporation is in itself a guarantee that the company will fulfill all expectations. "A bird in the hand is worth two in the bush." Everyone knows about the Choate-Hollister company, and they take no chances when they chip in to help repay, in part, the losses inflicted upon a half dozen enterprising Janesville men by the recent disastrous fire. Every dollar helps, so do your part, Mr. Reader, be it much or little.

Judge P. A. Orton of Darlington, has been renominated to succeed himself in the assembly. The La Fayette county republicans are enthusiastic and harmonious these days, and the result will be plainly apparent election day.

Pitchfork Tillman, however, did not explain why he favored "the consent of the governed" in the case of the Filipino black man, while upholding the disfranchising and oppression of the American black man.

The official "paddle gambling wheel" has not been spun about at 10 cents per spin to customers, and \$5.00 per day per spin to the official spinner,—for some days past. What's the matter, fellows?

Mr. Bryan says the income tax plank was "inadvertently omitted," and ere the campaign closes he will doubtless be forced to claim that several unpopular "paramount issues" are "inadvertently admitted."

Mr. La Follette was given an enthusiastic welcome at Fond du Lac, and an immense crowd heard him speak. Wisconsin republicans propose to put plenty of ginger in their campaign this fall.

The Elkhorn fair achieved its usual success this year—a fact that ought to remind Rock county people of the possibilities in the way of a Rock county fair.

The gang said it had nothing, so to speak, to arbitrate.

However, without admitting that it

makes any particular difference, we will say that The Hon. Mary Yellin' Lease is welcome.

And then again, Senator Tillman failed to explain to us how the Janesville Slot Machine Syndicate could operate its machine "without the consent of the governed."

Lieutenant Hobson belittles Admiral Dewey's victory at Manila, but it really makes no difference, that the engagement was no kissing match is well known.

Perhaps Tillman was sent to Wisconsin for the purpose of humiliating Dave Rose into withdrawing his remarks that "this dying for principal is all rot."

Drop a nickel in any of the Syndicate's slot machines, and get the right to do as you please, law or no law. Easy isn't it?

Congressman Allen of Utah, who bolted the ticket and supported Bryan in 1896, has returned to the republican fold.

The Russian government appears to consider a dead Chinaman a better man than a live one.

Lincoln survived an "anti-imperial" campaign and McKinley will do the same.

Therefore, but one course remains open.

All crooks, also, look alike.

Turn the rascals out.

What constitutes a well dressed woman? It depends on the aim sought to be accomplished by dress. The girl who prides herself on the possession of three dozen shirt waists, with a different one to wear every day, considers that this makes her a well dressed woman.

Again, you go sometimes to a woman's club meeting. You listen to the reading of anywhere from six to a dozen papers, but when you come away you find that you remember the ladies' clothes much more distinctly than the contents of their essays. These club-women have dressed themselves so richly, fashionably and conspicuously that their clothing rather than their intellectual attainment has stamped itself on your brain and memory.

For this sort of a woman's club, when the fame of it spreads away from home, the comment will be: "Oh, yes, I've heard of it often. Awfully swaggy club, isn't it?" So that for members of a woman's club the question of being well dressed depends wholly on whether they wish to attract attention to their clothes or their brains.

The same principle holds good throughout. When a woman lecturer or speaker is reported in the newspapers as having worn a "stunning" costume, it is evident that she has more confidence in the drawing power of her dress than of what she has to say. The girl who devotes her thought chiefly to what she is going to wear gives strong presumptive evidence that in her secret heart she regards herself as rather shallow and stupid and that accordingly she seeks to attract attention away from herself and toward her clothing.

Being well dressed, then, resolves itself into a question of what one wishes to dress for. If you are something in yourself, if you strive to cultivate the graces of temper, heart, brain and soul, which never go out of fashion, dress so that your clothing will not attract attention one way or the other. Wear as good clothes as you can afford to pay for, have them made moderately in the prevailing fashion, get a few at a time and wear them out and then without any fuss get new ones. Find what sort of dress is becoming to your style of beauty, stick to it, then worry yourself no more over clothes.

The French are the best dressed women in civilization. They apply the national artistic talent to costuming themselves, and the result is a pleasing picture. A generation ago nearly all Frenchwomen dressed in black for the street. Now they do so no longer, but manifest a beautiful and judicious blending of colors in their outdoor toilets. The effect is most pleasing—like a garden of harmoniously assorted flowers.

Beauty is a royal gift from the gods; hence a handsome woman may wear anything she likes and be lovely in it. But other women should choose the colors that are becoming to them. A little experimenting will always determine this. Black is a saddening, depressing color, both to the wearer and the beholder, hence should be worn as little as possible, for it is every woman's duty to shed about her a bright, cheerful atmosphere.

For this reason mourning should be worn as lightly as possible and put off as soon as conventionality will allow. We mourn always for our beloved lost ones in our hearts, but we have no right to constantly remind others, even

strangers in the street, of death, no matter how becoming mourning is to us. Moreover, hear ye, hear ye, black always makes a woman look old!

I was never done admiring the costumes of elderly women in Paris. Their gowns were as fashionably made and every whit as carefully considered as those of a woman between 20 and 30. Indeed, if possible, they are at more pains to dress themselves becomingly than young women, rightly arguing that the older a woman is the more case she needs to take of her body and her dress. In particular I observed that these French grandmothers wore no big, rusty black bonnets tied with stiff, ugly ribbons under the chin. Their head coverings were the daintiest, freshest, of little toques, black and white or lavender or any other quiet that they fancied and stringless.

ROBBERS CAUGHT AT EVANSVILLE

Running Fight During
Which Many Revolver
Shots Were Fired.

BOLD TRAIN ROBBERY

Two Men Thrown From a
Railway Car Running Forty
Miles an Hour.

BANDITS MAKE A HARD FIGHT

After a running fight lasting half an hour, in which time guns were flashed and many shots were fired, Officers Broughton and Gillman of Evansville were rewarded at an early hour this morning by arresting three alleged railway robbers.

The men are charged with robbing and throwing from the Chicago St. Paul limited train due in Janesville this morning at 6:30 o'clock on the Chicago & Northwestern railroad, Henry Rose and Floyd Hickock. The robbery took place this morning as the train was leaving Merrimac near Baraboo. After being robbed the unfortunate men were thrown from the train as it was running at the rate of forty miles an hour.

They were both badly injured but not seriously. The robbers secured less than three dollars in cash. The highwaymen numbered three and after throwing their victims from the train they remained aboard till the train reached Evansville. The train is due at the Cut Off City at six o'clock.

Before the train reached Evansville Messrs. Rose and Hickock had regained consciousness and more dead than alive they managed to reach Merrimac. Here the alarm was given. The police at once sent messages to Evansville and Janesville to the effect that the three robbers were aboard the Chicago-St. Paul limited.

The message reached Evansville just as the train pulled into the station. Officers Broughton and Gillman were soon on the trail and no sooner had the train stopped than off jumped three men answering an exact description of the three much wanted robbers.

The three strangers after holding a hurried consultation made with all haste afoot for the country. Four miles in the country the two officers overtook the three men just as they were entering a high corn field. Without any ceremony Officer Broughton called for the three men to throw up their hands.

To make his threat stronger he flashed his revolver as did Officer Gillman. The alleged robbers were taken by surprise. Two of them offered no resistance. Not so with the third man. He showed fight from the start with a revolver in his right hand.

Fully twenty shots were fired. Officer Broughton and the robber keeping up a running fight for half a mile. In the meantime Officer Gillman kept watch on the other two men.

After Officer Broughton had chased his man all over the corn field the fugitive yelled that he was out of ammunition and throwing his empty revolver in the air he begged for mercy. Both men escaped injury as all shots flew wide of their mark. The three men were then marched back to Evansville where they were placed in jail.

In the meantime the alarm soon spread over Evansville and before the robbers reached the city limits they were joined by a hundred men, women and boys all anxious to assist in wiping the three men from the face of the earth in case they showed resistance.

Without further trouble the three robbers were taken to the city lock-up and placed behind the bars. They were searched, and it is said that fire arms were found on them. The three men refused to talk.

The Northwestern railroad detectives in Chicago were notified, and they at once left for the scene of trouble. The description furnished by Messrs. Hickock and Rose fits the three men under arrest. As soon as the two men are able to leave Merrimac they will try to identify the men under arrest. The alleged robber will in all probability be brought to Janesville for safe keeping.

TRINITY CHURCH YOUNG PEOPLE

Semi-Annual Meeting Held at the
Guild Hall Last Night—The
Officers Elected.

The semi-annual meeting of the Young People's society of Trinity church was held at the Guild hall last evening. The officers for the ensuing six months were elected as follows:

President—Will Drummond.
Secretary and Treasurer—Miss Maude Knippenberg.

The report showed that during the last six months the amount cleared from socials was \$95. This had been applied on the payment of the piano which the society had purchased for the Guild hall. The society has been very successful in its efforts, and the piano is nearly paid for.

The Y. P. S. is one of the most progressive and successful young people's associations in the city. The excursions and entertainments given by them during the last summer have been uniformly successful.

Debit Make Life Bitter.

Ex-King Milan finds it more difficult every day to borrow money. His debts and his difficulties make his life very bitter. He has arrived at that stage of his continental career when he is looked on with suspicion and is placed on the ominous black list of Carlsbad's business people, who warn all their friends against "a certain Milan, formerly king of Servia," and announce that no goods should be sold to him except on a cash basis.—James Gordon, in Chicago Record.

Chloroform Needs Confirmation.

An old Chicago detective says: "Don't take any stock in stories of people being chloroformed in open rooms by burglars. Chloroform in an open room is no more effective than it would be out of doors. Its unpleasant odor usually awakes sleepers and keeps them awake."

SUDDEN DEATH OF JOHN M. EHRLINGER

He Had Been Ailing For Some Years
But a Hemorrhage Cut Short His
Career—Death of David Cross.

John M. Ehrlinger, forty two years of age, passed away at his home, 108 Correll street at 2 o'clock this morning. He had been ailing for the last two years but the direct cause of his death was a hemorrhage.

Mr. Ehrlinger had been a resident of this city for many years, and was an upright, honorable man and a good citizen. He had been employed at the Carriage Works as a blacksmith for a number of years. He was a prominent member of the Ancient Order of United Workmen, having served the lodge as master workman. He was esteemed by all who knew him and a large circle of friends will be pained by the news of his death.

The deceased leaves a wife, four sons, and two daughters to mourn his taking away.

David Cross, an old and respected resident of Rock county, died at his home in Milton Junction Thursday morning. He was over seventy years of age and one of the pioneer residents of the county, and was well known and highly esteemed. His funeral was held yesterday afternoon.

Funeral of Thomas Lynch.

The funeral of the late Thomas Lynch was held from St. Patrick's church at 9 o'clock this morning. The services were largely attended by sorrowing friends who gathered to pay their last respects to the deceased. Rev. Dean McGinnity officiated. The interment was at Mount Olivet cemetery.

The pall bearers were Patrick Lillis, Timothy McCugo, Michael Madden, John Hemmens, Michael Minnehan and Michael Griffin.

Mrs. Libbie Swan

Mrs. Libbie Swan of Milton died at her home in that place Friday morning at 7 o'clock of peritonitis. She was an old resident of this county and has numerous friends who will be pained to hear of her death. She leaves six children to mourn her loss one son and five daughters. She was a sister of I. N. Dunwiddie of this city. The funeral will be held from her home in Milton Monday afternoon at 2 o'clock.

PRINTERS TO GIVE
A BENEFIT DANCE

Object is to Collect Funds for Galveston
Sufferers—Will be Held Tuesday
Evening, Sept. 25.

The benefit dance to be given by the Typographical union for the benefit of the Galveston sufferers will be held at Assembly hall Tuesday evening, Sept. 25. Smith's orchestra will furnish the music. Tickets will be fifty cents each.

This is a worthy cause and the dance should be well patronized. Fifty cents will not break any one and the thousands of sufferers in the stricken city of Galveston are in need of all the help that can be given them.

A SPECIAL meeting is called for to night at 7:3

SLAIN BY SHERIFF'S POSSE.

Street Battle in Shenandoah, Pennsylvania.

TWO PERSONS ARE KILLED.

Ten Others Receive Wounds, Some of Them Serious—First Bloodshed in Great Strike of Coal Miners—One of the Dead an Offending Little Girl.

Shenandoah, Pa., Sept. 22.—Two persons are dead and ten injured as the result of a collision between riotous strikers and a sheriff's posse in the afternoon. Of the twelve who fell, nine were hit by bullets fired by the state's officers. Since daylight in the morning a spirit of turbulence had prevailed in and around the town, which culminated in the evening in a series of riots between striking mobs of miners and mine bosses and men on their way home from the mines.

The Killed—Mike Yuckavage, shot in the eye; a little girl, name unknown, shot in the back of the neck.

Wounded—Edward Coyle, aged about 50 years, bullet wound near the heart; he was sitting on his stoop; Michael Scanlan, shot in the arm; Anthony Skarnazick, shot in left wrist by 22-caliber bullet; John Wusdickey, aged 40 years; shot in the hand, married; Peter Stalmocovich, 23 years, shot in the shoulder at the back; Mike Szaltska, shot in left shoulder; Anthony Axalase, shot in left side, serious, by a 40-caliber bullet; removed. Injured by Rioters—George Bedding, of Ringtown, ugly gash on right forehead, caused by a brick; Robert Edwards, aged 64 years, injured seriously by being hit with stones; Charles Rawland, aged 35, injured on the neck and head by stones.

Sheriff Summoned to a Colliery.

Sheriff Toole and Deputies O'Donnell and Breneman were called to Shenandoah to suppress the mobs that threatened mine workers and collier property. At quitting time the three sheriffs and a small posse whom the sheriff had summoned on the ground went to the Indian Ridge colliery of the Reading company to escort the workmen to their homes. The colliery is located a short distance east of Shenandoah. The workmen left for home shortly after 4 o'clock. They walked up the middle of East Center street and reached the Lehigh Valley railroad station. Here had gathered a large crowd of Poles, Slavs and Hungarians, men, women and children, who lined both sides of the street.

Fire with Awful Effect.

A shot rang out from a saloon. This was followed by a shower of stones. Many of the crowd had picked up sticks and stones and were acting in a threatening manner. Seeing this, the sheriff, who had previously cautioned his men to keep cool and not to use their firearms, commanded them to fire. The order was obeyed, with terrible results. The crowd pursued the sheriff and his posse to the Ferguson house, where they took refuge. Sheriff Toole shortly afterward telephoned to Harrisburg and asked that a detachment of troops be sent here. It was learned that Adj. Gen. Stewart was in Philadelphia, and a telegram was sent to him there.

The Shooting of Coyle.

Coyle was found lying in the street, near his home. He had been shot in the back, and was unconscious. Though a miner, he had taken no part in the struggle. When the force of deputies appeared Coyle's children were standing in the street, watching the crowd. At the report of the first shot the father, who was at home, ran out to protect them, crying to his wife to keep within doors. He had reached his little ones, and was hurrying them into the house when hit.

Every Claim is Backed by Local Testimony.

If the reader wants anything stronger than the opinions and experiences of neighbors, what can it be?

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Atton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

SHIP SUNK NEAR PORT HURON

Steel Steamer Yuma Cuts in Two the Barge John Martin.

FOUR PERSONS ARE DROWNED.

Capt. James Lawless of Lorain, Ohio, Among the Dead—A Survivor's Graphic Story of the Rescue—Capt. Lawless Stood as Spellbound.

Port Huron, Mich., Sept. 22.—The steel steamer Yuma at 8 o'clock p. m. crashed into the barge John Martin, in tow of the steamer Maurice P. Grover, and the Martin sank in thirty seconds, carrying down three men and a woman. The collision occurred in the rapids just below the Fontana wreck, and the channel was completely blocked, stopping navigation. The drowned: Capt. James Lawless, Lorain, O.; Mrs. Bacon, cook, of Cleveland, O.; William Ross, mate, Toledo; sailor, name unknown. The Grover and Martin were bound down loaded with iron ore and the Yuma was bound up. Just as the Martin had cleared the Fontana wreck the Yuma, which had evidently slowed up, took a sudden sheer and struck the Martin about midships. The steel plow of the Yuma cut half way through the Martin. Gabriel Peterson of Cleveland and George Kyle of Toledo were at the wheel when the Yuma struck the Martin. The crash was heard for a long distance and Kendall's small boat made for the wreck and picked up Kyle and Peterson. The two survivors were landed at the Butler street dock and taken to the Putnam house in a half-drowned condition. They were revived and Kyle then told the following story:

"I saw a boat sheer toward us on the starboard side. I knew that we were to be struck, and shouted to Peterson. We both ran along part of the rail and climbed up the mizzen mast. We shouted to the other men. Capt. James Lawless of Lorain stood as though spellbound. That was the last we saw of them. The Martin gave a plunge and went down, bow first. The mizzen mast to which Peterson and I were clinging went over and fell on top of me in the water. We both got tangled up in the rigging and sunk. When we came up we were carried under again. We both grappled pieces of wreckage and kept afloat. The cook, Mrs. Bacon, who, I think, lived in Cleveland, was in the cabin and could not escape drowning."

Will Have Great Effect.

The effect of it upon the strike situation will be far-reaching, and, according to operators who were seen last night, it will tend to undermine the strength of the whole strike movement.

Since 1896 the output of these mines has been restricted because of an agreement entered into by the operators whereby the output of anthracite was divided after the manner of a railroad passenger pool traffic, according to the following percentages: Philadelphia and Reading, 20.50; Lehigh Valley, 15.55; Delaware, Lackawanna and Western, 13.35; Central Railroad of New Jersey, 11.70; Pennsylvania, 11.40; Delaware and Hudson, 9.60; and 17.50 divided among other smaller producers.

Can Supply 50 Per Cent.

It will be seen by these figures that the Philadelphia and Reading obtained by far the greatest proportion of the output and, with the removal of the restriction which was imposed by the agreement in question, it was admitted by dealers in this city the Reading company could easily supply at least 50 per cent of the coal necessary for the requirements of this and other eastern cities. It is said by those conversant with the existing situation that the Reading company will not hesitate to break the agreement. In point of fact, the opinion is expressed that operators whose mines are closed down are willing that the arrangement for the time being should be set aside and are even parties to the policy of wage increase which has been decided upon.

Fuel Famine Averted.

The motive which induces this attitude, according to report, is that the operators who are mostly involved in the strike are imbued with the idea that the Reading's output, supplemented as it will be by large quantities of coal from other mines not yet shut down, will serve to avert any really marked coal famine, and that thereby the knowledge will be impressed upon the strikers that the anticipated scarcity of fuel and consequent public suffering will fail of realization.

Sliding Scale of Wages.

In making the 10 per cent advance in wages the officials of the Reading company do not take the ground that it is a submission to the demands of the workers. The employees of this company are paid on what is known as the sliding scale, or, in other words, if the selling price of coal advances, the earnings of the miners are increased accordingly.

CLOUDBURST IN TEXAS.

Damage Done by Ruins Reaches \$2,000,000—Rumor of Lives Lost.

Dallas, Tex., Sept. 22.—The storm over northern and northwestern Texas was one of the fiercest rain and electrical affairs of which there is any record. The fall of rain at Dallas during the night approximated three inches; at Fort Worth, 30 miles west, eight inches. The property loss within a radius of 100 miles of Dallas is estimated at \$2,000,000, confined largely to cotton and railway interests. Rumors stated that a number of persons had lost their lives in the flood, and that three bodies had been recovered.

Trains Are Running.

Galveston, Tex., Sept. 22.—Train service with the mainland has been resumed by the Santa Fe. Many of the stores are open, but the volume of trade is greatly reduced. It is proposed to open the public schools as soon as proper accommodations can be had for the students, but the attendance will be greatly reduced, for about 2,000 girls and boys were drowned and many others have left the city since the storm. The state medical college here will reopen Nov. 15. The buildings of this institution were wrecked by the storm, but the work of making repairs has already begun.

Declare Seth Abbott Insane.

Chicago, Sept. 22.—Seth Abbott, father of the late Emma Abbott, has been declared insane by a jury in the County court and will be cared for at the Milwaukee sanitarium, Wauwatosa, Wis. Mrs. Lizzie Abbott Clark, his daughter, and Frederick Abbott, his son, who live at 225 Twenty-eighth street, declared to Judge Carter that their father's condition was caused by worry over his business affairs and old age.

Another Death from Plague.

Glasgow, Sept. 22.—There are twenty-four certified cases of plague in the city. In the reception houses eighty-eight cases are under supervision. There are also two doubtful cases. One man died yesterday, making the total number of deaths since the outbreak six.

THE DISCOVERER OF Lydia E. Pinkham's Vegetable Compound The Great Woman's Remedy for Woman's Ills.

Yours for Health Lydia E. Pinkham

No other medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends.

Do not be persuaded that any other medicine is just as good.

Any dealer who asks you to buy something else when you go into his store purposely to buy Lydia E. Pinkham's Vegetable Compound, has no interest in your case. He is merely trying to sell you something on which he can make a larger profit. He does not care whether you get well or not, so long as he can make a little more money out of your sickness. If he wished you well he would without hesitation hand you the medicine you ask for, and which he knows is the best woman's medicine in the world.

Follow the record of this medicine, and remember that these thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by

Lydia E. Pinkham's Vegetable Compound, The Great Woman's Remedy for Woman's Ills.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Moral—Stick to the medicine that you *know* is Best.

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it, "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and helpful.

WINE OF CARDUI

WOMEN WHO WORK.

St. Louis, Mo., Aug. 12. Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad I had to quit work. I had to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. Have now used several bottles and am well. My troubles were the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

WINE OF CARDUI

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tiresome tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

Druggists sell Large Bottles for \$1.00.

SEEKING A PHANTOM FORTUNE

Russians with Expectation of Inheriting \$35,000,000.

San Francisco, Sept. 22.—Three Russians named Marc Gurechovitch, Joel Feldman, and Robert Schoub, have reached this city in search of a phantom fortune of \$35,000,000. Eight years ago they saw in the Warsaw Courier a statement that one Yakob Mesek Harowitz, whose heirs they claim to be, had died in America, leaving the fabulous sum mentioned. Later the story was repeated by a dying millionaire in Chentchik, and, convinced of its truth, the Russians have come to the far west, and, with their legal representative, are seeking for clues to the alleged treasure.

Good Government Discussed.

Milwaukee, Wis., Sept. 22.—The National Municipal league held its final meetings. Charles J. Bonaparte of Baltimore was the principal speaker of the day. His paper was entitled "The Essential Element in Good City Government." George E. Hooker of Hull house, Chicago, read a paper on "Local Transportation and Its Relation to the Welfare of the Municipality." This paper was discussed by George C. Sickles, secretary of the Chicago street railway commission. A paper on "Municipal Political Parties," by Dr. Milo R. Maitlis of New York city, was read by the secretary in the absence of Mr. Maitlis. The principal topic of the afternoon was a paper by Bird S. Coler, controller of Greater New York. Mr. Coler was unable to be present, but his paper was read by the secretary. The convention closed with the reading of a paper by M. N. Baker of New York on "Municipal Accounting," which was discussed by James B. Cahoon of Syracuse, N. Y. H. B. Henderson of Cheyenne, Wyo., also discussed Mr. Baker's paper.

Powers' Seat Is Safe.

Salt Lake City, Utah, Sept. 22.—Utah Democrats insist the appointment of Judge O. W. Powers of this city as United States senator, made Wednesday night by acting Governor Aquila Nebeker, is perfectly legal and will prove so at Washington. Republicans, however, while acknowledging the big political joke on their party, say Judge Powers will not be allowed to take his seat, and they confidently cite the Clark case as a precedent.

Work for 14,000 Men.

Pittsburg, Pa., Sept. 22.—The vote on the proposition of the glass chimney manufacturers conceding an advance of 6 per cent in wages was received, and is favorable to an acceptance of the increase, and all the factories in the country will resume operations at once. The resumption will give employment to 2,700 skilled workmen and 12,000 unskilled men.

Killed Fighting Fire.

St. Louis, Mo., Sept. 22.—Seven firemen were injured, and one of them, John O'Brien, was killed, in a fire at 2002 Morgan street last night. Some were on ladders, and some inside the burning building when the roof fell. Six of the men had to be rescued by their comrades. The loss by the fire is \$21,000.

Plan to Greet Kruger.
Antwerp, Sept. 22.—A committee of Dutch and Belgians in Antwerp is arranging a grand reception for President Kruger when he arrives here from the Transvaal. Delegates will go to Flushing to meet him when he lands. The Antwerp and Brussels committees are combining for the purpose of holding fetes in both cities in honor of the Boer ex-president.
Brussels, Sept. 22.—Dr. Leyds has arrived here. Speaking concerning the men of the ambulance corps recently expelled by the British from the Transvaal, he said that they have written testimony to the fact that they were in the discharge of their legitimate duty when they were forced out of the country. Dr. Leyds says that he is about to write a report on British illegalities in the Transvaal.

British Annex Cook Islands.
Wellington, Sept. 22.—Richard John Sedon, premier of New Zealand, announced in the house of representatives the annexation of Cook Islands, southwest of the Society Islands, with the consent of the Barotonga chiefs. This step is a counter move to meet the French annexation of the Tubuai and Kurutu Islands.

France Annexes Islands.
Melbourne, Victoria, Sept. 22.—The Kurutu and Tabuai islands were formally annexed to France by the governor of Tahiti Aug. 21, at the request of the natives.

BROOKLINE

It is most essential in the purchase of a pair of high grade Shoes, to know the "reputation" and "reliability" of the makers. When the name of

Stacy Adams & Co.

Is upon the strap of a Shoe it means that 25 years of patience and energy have been expended in the production of such footwear—that no better "pedigree" can be desired.

We have just received our fall styles...

And would be pleased to show them to you. After you once wear these Shoes you will wear no others. There are more of these Shoes worn in Janesville than all other so-called high grade Shoes put together. If you are not wearing these Shoes try a pair now.
